

WYOMING MURDER TRIAL IN PROGRESS

Herbert L. Brink, With Others,
Charged With Killing Three
Sheepmen Last April.

CASE OPENED FOR THE STATE

Sentiment in Regard to Assassination
Is Changing as Enormity of
Crime Is Revealed.

(Special to The News.)

Basin, Wyo., Nov. 6.—Judge E. E. Entelme, assisting Prosecuting Attorney Metz, made the opening statement in the case of the state against Herbert L. Brink, one of the seven cattlemen charged with the murder of Allemand, Emge and Lazier, sheepmen who were assassinated on Spring creek last April, and at today's session or the district court the testimony of Sheriff Alston, County Surveyor Morton and Dr. Walker was introduced. The opening statement of the prosecution surprised the defense, and also the people of Basin, and opened the eyes of the latter to the enormity of the crime, and a thought the defendants, which has been strong for the defendants, will not undergo a change as the details of the horrible crime are brought out. The prosecution announced that the case against the seven men will be opened without reference to each other, and if the work keeps the court in session all winter.

A large number of cattlemen from the east side of the Big Horn basin arrived in town today, and while some threats have been made it is believed the county authorities and the militia will be able to maintain order.

TESTIMONY OF KEYES.

Basin, Wyo., Nov. 6.—The trial of Herbert L. Brink for the murder of Joseph Allemand, Joe Emge and Jules Lazier, sheepmen who were assassinated on Spring creek last April, was continued today by the evidence of William Keyes, one of the seven men who participated in the sheep camp raid. Keyes' testimony, in brief, was to the effect that all of the defendants, George Sablin, Thomas Dixon, Ed Eaton, M. A. Alexander and Brink took part. Sablin being the leader, that the raiders met at his ranch and went to Spring creek to kill the sheep of Allemand & Emge and burn their wagons and outfits. He also testified that Brink and Sablin had charge of the north wagon, at which Allemand was assassinated, and where all of the dead bodies were found.

The courtroom was crowded to the doors and the spectators were completely surprised at the testimony, as he imagined the prosecution had such a strong case. Sentiment, since

the introduction of this testimony, is changing and the people are horrified at the heinous crime as the details come from the lips of Keyes, one of the participants and star witnesses for the state.

FARRIS HAS CONFESSED.

Monday Charles Farris, another participant who has confessed, will connect Sablin, Brink and the others more directly with the murders. He will testify that Brink shot Allemand in the wagon, and again after he walked forth at the command of the raiders, also that Ed Eaton's mask fell off during the raid. Bounce Helmer, a boy, testified that he recognized Eaton when his mask fell off as he was hitting his backboard at Spring creek.

Monday will be taken up by going into threats made by Brink and his confederates to the four witnesses of his participation in the raid.

It is not known what the defense in Brink's case will be.

WILL TRY SABIN NEXT.

George Sablin, the leader of the gang of raiders, according to the confessions of Keyes and Farris, will be tried next. It is expected the defense will do everything possible to save his neck as he has plenty of money and influential friends, whereas Brink is little known. It is openly hinted that Brink, if any one, will suffer the full penalty for the crime, and an attempt will be made to saddle the entire affair off on him.

COAL MINERS WILL ASK MORE WAGES

Pittsburg, Pa., Nov. 7.—Thomas L. Lewis, president of the United Mine Workers of America indicated in an interview here today that the miners will make a stand for higher wages in the spring. Mr. Lewis declared that work in the mines is improving and bound to continue to do so. He also expressed confidence in his re-election to the presidency of the organization, explaining that two locals have nominated him for every one that named his opponent, William Green of Ohio. He declared a prospect for making new wage contracts next year Mr. Lewis said:

"I see no reason why there should be any trouble in obtaining wage contracts with improved conditions. Of course, I cannot say what will take place but you may be assured that the international convention, in January will lay down a policy that will protect the interests of our men and their families."

MANTI WILL HAVE BIG CELEBRATION

Founders' Day to be Observed on
Occasion of Sixtieth Anniversary of Settlement.

INVITATION SENT BROADCAST

All Who Ever Knew the Temple City
As a Home Alike to Come Back
For the Festive Days.

Manti is to have a home-coming week. Everybody who ever called Manti his home is expected to be there. The dates are Nov. 22-24, the occasion being the sixtieth anniversary of the founding of a settlement there. The following invitation has been sent broadcast announcing the event:

Manti proposes to celebrate the sixtieth anniversary of the founding of the city and with cordial greetings to the citizens of the capital of Sanpete earnestly invite every Mantian, wherever he or she may be, to come and participate in the joyous home-coming week to be given in the old town Nov. 22, 23 and 24, 1909.

For these three days and the fourth for Thanksgiving dinner—Manti will be the trying place for old friends to meet and greet and to talk of other times and other days. "In the memory of every one are pictures of yore painted in colors that will never fade away."

Ye pioneers come back! Visit once more the old town. Stand upon the grounds made hallow by your toils, hardships and sufferings. Gaze again upon the templed citadel where disease and sorrow almost swept out the colony and observe the beautiful buildings that now mark the spot! Tell the grandchildren and the stranger of the brawn and the battles with the redskins it fought, the desert and make it fit for habitation, and give heed to little Johnnie when he begs dear old grandpa to "tell it again!"

Room as far as you may, grow as old as you will, there is not that mystic, invisible chord which runs from your heart back to the old associations. If you come again someone will meet you who said "good-bye" the day you went away!

"Welcome," in letters of gold, will be written over our doors and across our hearts. Loyal men and royal women will give you greetings as roses greet the dew.

Give us the opportunity to pay homage to the pioneers who fought the wilderness and the savage, and to honor the courageous mothers who braved the hardships of the desert and reared the children of the pioneer. To be beside the men they loved while a commonwealth was being built for thus conceived, Manti will be born.

Come back and see the heritage; the green fields, the golden harvest, the fat cattle, the boys who are now men, the girls who are now women. Since the day you bid adieu many changes have taken place which you would like to see for yourself; let it create a desire that will bring you back to dear old Manti—to home, sweet home, in old Sanpete, where will bring you back to old neighbors, the old heartstone, the family circle.

An interesting program will be rendered every day. No expense will be spared to entertain you. We will make you glad you came. We ask your presence and your aid. We appeal to all who ever called Manti "home" to come and join the happy throng.

CORNERSTONE IS LAID AT NEW CHURCH SITE

Services Held Yesterday at Edifice Being Erected at Fifth South and First West by Presbyterians.

The cornerstone of the new edifice of the Westminster (Second) Presbyterian church was laid Sunday afternoon at Fifth South and First West streets, before a large attendance. A program was observed, including singing from Miss Rose Smith, Miss Edythe Evans, A. Hudson and F. M. Howell, with Miss Jennie Williams as organist. Following the music the "Apostles' Creed" was read in unison, led by Rev. McIntyre. This was followed by scriptural reading, Psalm 127, 128, and St. Peter, 1:1-11, by the Rev. R. G. McNeice, D. D., dean of Westminster college. Prayer was offered by the Rev. H. E. Hays, pastor of the Third Presbyterian church.

A brief history of the church was given by Mrs. Stewart McLeese, the church historian. Mrs. McLeese referred to the early beginning of the work in this city, the time which \$1,200 was appropriated by the board of missions in New York. With this sum two women missionaries labored in the field. The first meetings were held in rooms, and this was followed by meetings in the old Jewish synagogue on Second West. The first Westminster church was partially completed in 1884, when the adobe portion was finished. In 1886 the brick portion was completed.

The statement of the building committee, presented by Gordon Williamson, acting secretary, follows:

Cash available, Nov. 8, 1909, \$14,571.12. Obligations, \$10,412.

Approximations for contracts still to let, \$5,250.

Approximate total, \$15,662.

Cash available, \$14,571.12.

Still to raise, \$1,090.18.

The sermon was by Rev. Dr. W. M. Paden of the First church, which he preached from the text: "Behold I lay in Zion a sure foundation. Let every man take heed how he buildeth thereon. Isaiah, xxviii: 16; 1 Cor. iii: 10."

J. W. Phillips for the "Season" congratulated his fellow church members on the progress of the church, paying a high compliment to Rev. McIntyre for the way in which he accomplished things. The box deposited contained:

Portion of marble entablature of old church, Fourth West, between First and Second South.
Portion of adobe brick.
Copies of Sunday Tribune and Herald-Expositor.
Holy Bible.
Sunflower cards, used by Sunday school children for raising funds for the church.
Church diary.
Christian Endeavor pledge card.
Copy of the statement of the building committee.
Portion of wooden door of old church.
The ceremonies came to a close with the singing of the "Doxology."
After the services Mr. McIntyre and his fellow workers, both men and women, were the recipients of cordial congratulations.

THE VICE OF SLANDER.

The Rev. Timothy Brennan Preaches Strong Sermon at St. Mary's.

The Rev. Timothy Brennan preached on "The Vice of Slander" Sunday morning in St. Mary's cathedral from the text: "Eccl. x: 17, 'If a serpent bite in silence, he is not hurt; but if he utter a voice, he shall be slain.'"
"A good name is not confined to this life. It lasts after death. It is carried down to posterity. A good name is a moral life of a man and he who takes it away is aptly called by the apostle a murderer. Go out there and see how a good name ennobles a man in the eyes of his fellow men. The cross of Christ lit up with an everlasting ray of faith and hope and love. The cross of Christ brought comfort and peace. Beneath its saving shadow we will die to awaken to the eternal day of God."

SOCIAL AND PERSONAL

Mr. and Mrs. R. A. Keves entertain at a dinner at the Alta club this evening followed by a box party at the theater.

Tonight Mrs. J. J. Daynes Jr., gives a box party at the Orpheum.

QUEER DISEASE IS IN SALT LAKE CITY

Internal Parasites Are Cause of
Much Ill Health, Says
Easterner.

ARE GRUESOME CREATURES

Prey Upon Human Race to Extent
Little Appreciated by the
General Public.

The following remarkable statement was made by the Cooper "stomach man" Sunday afternoon. This is the man, and what is known as the "stomach man," who has aroused such widespread comment in the east, and who is now in Salt Lake City introducing his medicine. He said:

"During the past few days many people who are now taking the preparation I have come to Salt Lake City to introduce have begun to me internal parasites, commonly called tapeworms, that have recently passed from the system. Many of these people have been alarmed and came to ask for an explanation. Some of these people do not even know the nature of the parasite they brought to me, and in consequence were extremely nervous and excited over the matter."

"I take this opportunity of explaining what these creatures are and what I have learned about them in the past. Tapeworms, as they are called, are much more common than would be supposed. I venture to say that 10 per cent of the so-called chronic stomach trouble that is known as the 'run down' condition, is caused by these creatures. In every city I visit hundreds upon hundreds of them are brought to me during my stay by people who have taken my preparation, and doubtless there are innumerable cases of which I hear nothing. An individual may suffer for years with one of these great parasites and not be aware of it. Contrary to general belief, the appetite is not greatly increased. It only becomes irregular. Sometimes an extreme sense of hunger is experienced, at other the mere sight of food will nauseate. There is generally a feeling of faintness, however, and a growing sensation in the pit of the stomach. People afflicted with one of these parasites are generally nervous and easily depressed. The chief sensation is one of languor; the least exertion will tire and there is, as a rule, a dull pain in the lower part of the back. The individual imagines that he is suffering from indigestion, and the parasite is never in latef latel, but it consumes a greater part of its consequence there is not enough nourishment left to sustain the body. The system loses vitality and every organ becomes more or less affected."

"Lack of energy and ambition not only affects the body, but the mind also becomes dull and sluggish. The memory is not so good and the eyesight becomes somewhat poorer."

"As I have already stated, I believe these parasites are very prevalent. I shall prove this conclusively before I leave Salt Lake City with my preparation. My medicine, in cleansing the stomach of impurities, seems to be fatal to these great worms and drives them from the system with astonishing rapidity. I shall be at Smith's Corner drug store, Main and Second South streets, for several weeks to come, and will continue to meet those who wish to see me at this store from 10 o'clock until 6. I wish to assure any one in Salt Lake City who has had the experience just related with my preparation, that there is no cause for alarm in the matter, and that it will, as a rule, mean a speedy restoration to good health."
